Post Pounder And Puller In One
In the late 1950’s, Sioux Steel purchased the number one auger manufacturer, Koyker Manufacturing Company, which was located in Hull, Iowa. Koyker’s product line was expanded in the mid 1960’s, with the addition of a line of front-end tractor loaders and grain cleaners.

In the 1980’s, Sioux Steel relocated its Hull, IA facility, and its product lines to the Lennox, SD plant location. With the entire Koyker Division now located in Lennox, SD, Koyker re-focused and expanded their product line-up to include loader models for tractors ranging from 20hp to 285hp. This is the broadest loader line-up in the country. They also added Dakota backhoes, a line of skid-steer attachments, and the award winning Bale Caddie small bale accumulator. Koyker’s state-of-the-art baked enamel system bakes on an automobile-type finish on all new products.

**FEATURES**
- Six Spool Sectional Control Valve With Safety Unload
- Adjustable Swing Speed
- Step Through Operators Area
- High Abrasion Resistant Hydraulic Hose
- Bucket Available in 9”, 12” and 15” Widths
- Digging Depth is 78”
- Reach From Swing Pivot is 108”

**KB800C BACKHOE**

**FEATURES**
- Excavator Inspired Curved Boom
- Adjustable Swing Speed
- Step Through Operators Area
- High Abrasion Resistant Hydraulic Hose
- Heavy-Duty Excavator Style Buckets Available in 13”, 16”, 18” & 24”
- Digging Depth is 90”
- Reach From Swing Pivot is 93”

**KB900C BACKHOE**

**FEATURES**
- Excavator Inspired Curved Boom
- Adjustable Swing Speed
- Step Through Operators Area
- High Abrasion Resistant Hydraulic Hose
- Hydraulic & Manual Thumb Option Available
- Bucket Available in 13”, 16”, 18” & 24” Widths
- Digging Depth is 109”
- Reach From Swing Pivot is 144”
ATTACHMENTS FOR LOADERS

BALE SPEARS

FEATURES
- Singles Have 2200 LBS Capacity
- Doubles Have 4400 LBS Capacity
- Fully Tapered Tines Allow For Easier Penetration and Withdrawal
- Tapered Socket Provides Support For Spear
- Standard 4 Tine Square Bale Spear Has The Option Between 39” or 48” Tines
- Fast On-Off System

PALLETT FORKS

FEATURES
- Change Attachments Quickly
- Attachments Install in Minutes
- Increased Versatility
- Lower Attachment Cost

PALLETT FORKS WITH TELESCOPIC BOOM

FEATURES
- 5500 LBS Capacity
- Solid Pallet Fork Tines
- Adjustable Width 8” to 55”
- Bulkhead Height 38”
- Bulkhead Constructed of 1/4” High Tensile Steel Tubing
- Boom Adjust To 5 Different Lengths In 8” Increments

CAUTION

- Be sure stabilizer spike is in place when handling large round hay bales with fork-type equipment.

- A heavy load can cause your tractor to tip over. When moving heavy loads, keep the load as close to the ground as possible, go slowly around turns, and be sure the front and rear of tractor is properly counterbalanced with weights.

- The operator is responsible for the safety of themselves and others when operating equipment.
Our continuing commitment to agriculture and dedication to modern manufacturing delivers products that are highly valued in the marketplace. It’s why Koyker is a leading manufacturer of front-end loaders for all major brands of tractors in the United States.

With new products, such as the Bale Caddie Accumulator and the Post Puller/Pounder, Koyker Manufacturing is bringing the latest technologies to the marketplace. Koyker Manufacturing’s continues to strive for innovation while producing proven products, made right here in the USA.

Contact Koyker Manufacturing today to learn more about each product line.
POST PULLER AND POUNDER

FEATURES

- Remove old fence with ease with this state-of-the-art skid steer post puller attachment. From 1” in diameter posts to railroad ties, this puller can handle it. Great for small trees, branches and bushes too!
- Doesn’t Break Or Shred Wood Posts.
- Prevents Bending Of Metal Posts During Removal.
- One Person Operation.

FENCE POST PULLER
And Post Pounder - All In One!

FEATURES

- Add the pounding hammer to the puller and you have a combined unit that does both. Tear out and build fence with the same attachment!
- One Person Operation For Improved Safety.
- Never Touch a Post By Hand.
- Recommended Minimum Lift Capacity of Skid Steer - 1500 lbs.
